

# Education with a heart

Welcome to the website of Onderwijsgroep Amstelland.

Our educational group consists of eleven excellent schools for primary education in Amstelveen and Ouderkerk aan de Amstel. Each of our schools has its own character, but they all share the same core values.

*Connectedness*

*Getting to know people*

*Dedication*

*Attention*

We care for every one of our pupils and want to give each of them more than knowledge alone. This is what we call 'education with a heart'.
